Discovering TREASURES AT THE LANDING

Since before its inception, Williamsburg Landing has been part and parcel of the Williamsburg community. Our roots are in a community report drafted in the 1970s, a report that identified the need for a senior living community in Williamsburg. Over the next decade, a group of dedicated citizens including civic leaders volunteered their time to make the dream become reality.

That dream, Williamsburg Landing, became reality in 1985 but the journey did not end there. The quest to give back to the community continues as residents and employees explore meaningful and creative ways to assist and serve others. It is the culture of Williamsburg Landing. It is our mission, our vision and our strength.

C2 *“The Landing has been, is, and will continue to be a valued partner with the Riverside Center for Excellence in Aging and with Riverside Health System. We have collaborated in so many ways including “Caring for you/Caring for me” program. It is a real pleasure to consider how all parties win when this partnership continues to flourish...”*

C3 *“For many years, Williamsburg Landing has provided financial support and partnered with the Senior Services Coalition on a number of activities. Included (in this support) was the creation of Age Friendly Community Indicators Project to help our area determine how well it is meeting the needs of seniors and the development of programs to enable seniors to Age in Place. Williamsburg Landing provides respected leadership on the Coalition’s Steering Committee and has been invaluable in helping to obtain funding to support the work of the Coalition.”*

WE EDUCATE

E1 *“The students at Rawls Byrd School have benefited from the educational partnership with Williamsburg Landing for almost thirty years. Students look forward to their weekly visit with their ‘reading friend’ or ‘math buddy.’ Some Landing residents work with accelerated students while others spend time helping those who need extra support. We consider the volunteers from the Landing a part of the Rawls Byrd Family.”*

**Mickie Meyer, Guidance Counselor
Rawls Byrd Elementary School**

E2 *“For more than a decade, Williamsburg Landing has been a valued location for Christopher Wren classes. They are available to all Christopher Wren students. The relationship has been mutually beneficial.”*

**Jack Edwards

E3 *“Thomas Nelson Community College (TNCC) trained 3 classes for the Certified Nurse Aide certification which included 40 hours of clinical experience at Woodhaven Hall. The instructor, with help from Williamsburg Landing staff, worked cooperatively to plan clinical experiences and patient care assignments. TNCC greatly enjoys working with Williamsburg Landing to prepare nurse aide students to work with seniors in the community.”*

"The donations from the residents truly helped the children... I witnessed some parents crying, because without these gifts their kids would not have any presents under their trees. Some parents offered to bring their kids in to help, so they could understand the (idea of) giving money to needy kids who would otherwise not have a Christmas at all."
